They were married at 9 o'clock and left on the early train for Charlotte, where they spent the night and left Monday for Atlanta, where they will visit friends and relatives. The bride is a lovely girl and has a host of friends. Mr. Hay is an excellent man and we are sure is worthy of the prize he has won. They will return home Sunday, where a large circle of friends await them. Rev. S. R. Brock performed the marriage ceremony.

#### MISS ELOISE FOSTER LEAVES.

Great Loss to Lancaster High School.

Miss Eloise Foster, who for a number of years has been such a successful teacher in the Lancaster graded schools, has gone to Statesville, where she will be lady principal of the Statesville Female College, of which Dr. Marion Moore is president. Miss Foster is universally beloved in Lancaster, whose people she has served so faithfully. To pupils and patrons alike she has endeared herself because she has given of her talents so unsparringly. Her going from us is much to be regretted but the change is a decided promotion to one who is in every way qualified to fill the position. As a primary teacher and later as a high school teacher, Miss Foster has left the impress of her character upon many boys and girls.

#### Nuts as Food.

Nuts form a very concentrated form of food, in many cases more so than cheese, and when rationally used they are readily digested and form a part of a well-balanced ration. Nuts are plentiful in many localities and should not be allowed to go to waste. A pound of walnuts will produce almost three times as much energy as a pound of steak. Such being the case, would not the use of a considerable quantity of walnuts, butternuts, and hickory nuts be a valuable addition to the household's supply of provisions?

#### Death of a Little Babe.

Little Fay, the twenty-one month old daughter of Mr. and Mrs. C. L. Bailey of the Zion community, died last Thursday. The remains of the little girl were laid to rest in Zion grave yard Friday afternoon, the services being conducted by Rev. J. H. Thayer, Th. D.

#### Opportunities.

In our individual life there come opportunities, which we may miss because we have such false standards by which we judge things. We wait for the great occasion, and we call that great which makes a big splash in the world. Or, when the trial comes we shrink from it through false modesty, saying to ourselves that some other more worthy instrument should be chosen. If our general attitude were right, we would see the meaning of all that is called opportunity. We are not alive to the gracious possibilities of the unregarded chances of every day. We need a more solemn sense of responsibility, a more serious view of the ever-constant junctures that occur.—Hugh Black.
